

## PROVINCIAL REPORT: PROVINCIA SARMATIA

1. Number of current Nova Roman citizens in your provinces: 7
2. Web addresses of the main internet forum of the province, and all additional provincial forums that are public.  
The NR Sarmatia Discord channel is the main forum for the province. But most of our cives live in or around Poltava or in the armed forces fighting so there is little to no online activity.
  - 2.1. Monthly average number of messages in the main provincial forum: two
  - 2.2. Average number of Nova Roman citizens posting per month; one, M. Flavius Celsus has posted recently. His family fled Kherson safely and are now in Odesa. We had a productive videochat as well.
  - 2.3. Total number of members (citizens and peregrini combined) in the provincial forum.: one. Again there is a war.
3. Number of those real life gatherings: weekly at the Tempulm in Poltava. Additionally new altars to the gods have been erected in limestone and marble. The temple to Iuppiter Perunus itself has been decorated with columns and ornaments and painted in historically correct colors.
4. Reenactment groups: none right now due to the ongoing war.
5. Names of all candidates for the governorship: M. Hortensia Maior Fabiana Faustina

**Note:** Unfortunately I have no past information as the former governor of Sarmatia **T. Flavius Severus**, when I asked him these questions he refused to share or post any information about Provincia Sarmatia
